I have advertised my window covering business in the "Black Book" for 6-7 years now. I have found this to be the best value for my advertising dollar. It covers ALL of the areas I sell in. From Port Orford, OR, to Klamath, CA. My customers appreciate that too. They like that the book is easy to read with larger print than others and it covers all the areas they like to shop and play. I have always worked with friendly, knowledgeable sales people. I am always pleased with my advertising in "Hagadone's Black Book".

Sincerely,
